October 8 – 10, 2021 - Pilgrim Park, IL
REGISTRATION FORM

A nature-based intensive for men serious about knowing themselves

Mirrored by the Wild is an Illuman intensive, led by John Lew, for any man serious about their own personal Journey of Illumination. You will be trained in mirroring another, being mirrored yourself, and ultimately being mirrored by the wild. We will develop a relationship with our wholeness which gives rise to our true self, and examine our self-sabotaging complexes which give rise to our false self and ego-centeredness. This intensive is mainly experiential, supplemented with teachings rooted in depth (Jungian) psychology and the wisdom traditions. Indigenous tradition will guide us in wilderness wandering, rituals, ceremony, council, and story-telling. This intensive invites you to continue the journey you've been on ...but going further and deeper. **It starts at 7 PM on Friday October 8th and lasts until 2PM on Sunday, Oct 10th.**

Cost: \$175 – Register by using this registration form and e-mailed back to the Illinois MALES address:
